

Enfield High School Course Override Form

In the process of course registration for the _____ school year, it has come to our attention that a course has been selected for which the student has not met the necessary academic prerequisite(s). Based on past academic/educational performance of the student and the type of work required in the course selected, it is our recommendation that an alternative selection would be more appropriate at this time.

You can elect to override our advice and enroll in the course(s) for which you have not met the prerequisites. However, before you do this, you should seriously consider the consequences of such action especially if, for some reason(s), you do not meet with success in the course. Please be aware of the following conditions.

1. You will be removed from the course and receive a final grade of "F" for the course if you receive a failing grade for any term.
2. There is NO guarantee that a replacement course can be found that will fit into your schedule if you fail a term and are removed from the course.
3. You may find yourself deficient in credits.
4. A failing grade for a term may jeopardize eligibility and possible honor roll status. A failing grade for the course will affect the student's GPA, class rank and graduation status.

We encourage all students to take courses that will be academically challenging, where some degree of success can be achieved and which will prepare them for their future endeavors. However, the course(s) selected may prove too difficult to experience a positive learning situation. Therefore, if you still choose to enroll in the course, the following signatures are required which indicate the consequences of such action if you do not meet with success.

Course Override Signatures

(Teacher's Signature/Date) As the student's guidance counselor/teacher I DO NOT recommend enrollment in _____ because the prerequisite of a _____ in _____ has not been met.

(Counselor's Signature/Date) _____'s current prerequisite grade is _____.

(Student's Signature/Date) I intend to enroll in _____ against the advice and recommendation of my counselor and/or teacher.

(Parent/Guardian's Signature/Date) I agree with my son/daughter's course request and acknowledge the consequences if not successful.
